Plato's dualism is not, therefore, simply a doctrine in the philosophy of mind, but an integral part of his whole metaphysics. One problem with Plato's dualism was that, though he speaks of the soul as imprisoned in the body, there is no clear account of what binds a particular soul to a particular body. The Mind-Body Problem - Arguments for Dualism. This metaphysical problem is known as the mind-body dualism. Do we have immaterial souls that animate our bodies, or are we merely electrical activity in an . It seems the most usual solution to the problem these days is to simply eliminate the concept of a mind separate from a body. Therefore our. So let's steal Schopenhauer's phrase and call the mind-body problem the problem of the world-knot, to indicate that it is a radical metaphysical.
